

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 20, 1996

SUBJECT: **HB 2267 - SB 2946**

This bill, if enacted, will allow any county with a charter form of government to amend its zoning ordinance by resolution. The bill also provides that any zoning amendments passed by resolution prior to July 1, 1995 are deemed to be valid and cannot be attacked on the ground that they were passed by resolution rather than by ordinance. Current law requires that proposed changes must be submitted to the regional planning commission, a public hearing is held, and that notices are to be published in a newspaper.

The fiscal impact from enactment of this bill is estimated to be a decrease in local government expenditures. Such decrease cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
